KBS Constructors Receives Award for Excellence in Service

Topeka, KS (September 1, 2009)— KBS Constructors, Inc., one of the Midwest’s leading commercial construction companies, is proud to have received the Johanna Lyle Excellence in Service Award for their contributions to Meadowlark Hills Retirement Community.

The award is given annually to recognize individuals or groups that have contributed volunteer leadership, resources, time, and tasks to the Meadowlark Hills mission to serve elders.

Meadowlark Hills CEO, Steve Shields, presented KBS with the award at the Manhattan Retirement Foundation Board of Trustees Banquet and Awards Ceremony, held July 14.

KBS has served as a contractor on several projects for Meadowlark Hills, a retirement community located in Manhattan, KS that is dedicated to building healthcare households that feel like a home not a hospital.

“I believe that much of the project’s success is owed to KBS’s early involvement,” said Shields. “Having the designer and builder together from the get-go, with a clear purpose and mission, has really paid off for the residents of Meadowlark Hills. I commend them for their part in the success of this project.”

Dan Foltz, Matt Charvat, and Jason Phillips were on hand to accept the award on behalf of KBS.

“Meadowlark Hills has been wonderful to work with,” said Foltz, the President of KBS. “And this recognition adds to the pride we already feel for having helped them move their mission forward.”
